

Residential Duplex Drawing Submission Package

Prepared for: Urban Habitat Developments Pvt. Ltd.
Project ID: PLN-ARCH-2048
Prepared by: Axis Studio Architects

This submission package contains architectural drawing summaries, room schedules, compliance notes, and revision metadata for a proposed residential duplex development. The document is intended for internal coordination, early-stage design review, and automated drawing analysis workflows.

Room Schedule

Room	Area (sq.m)	Floor Finish	Ventilation	Status
Living Area	28.4	Vitrified Tile	Natural + Mechanical	Approved
Bedroom 1	14.1	Wood Finish	Natural	Approved
Bedroom 2	13.8	Wood Finish	Natural	Approved
Bathroom	5.6	Anti-Skid Tile	Mechanical	Requires Revision
Kitchen + Dining	19.5	Tile Finish	Natural + Mechanical	Approved

Automated Compliance Review Notes

- North orientation marker detected and validated.
- Room annotations present across all primary spaces.
- Bathroom ventilation dimensions below recommended threshold.

- Kitchen work triangle layout passes ergonomic checks.
- Drawing scale metadata found: 1:100.
- Fire exit pathway width meets minimum circulation standards.
